Remote Learning Option
Fall 2020

This document is meant to outline the guidelines for families and students who plan to choose the online learning option for the fall semester of the 2020-21 school year.

The online learning option is meant to help provide Custer County School District students with a safe and appropriate education during the fall semester. In order to do so, the following guidelines have been established:

1) Students will receive a loaned Chromebook through the IT office
2) Families will be required to sign an agreement stating they have wi-fi access available at their residence
3) School District will be responsible for fees associated with the online courses
4) Students and at least 1 parent will be required to attend a 2 hour scheduling and orientation for the online learning option. Dates for this orientation will be Thursday, August 20th, 6:00pm-8:00pm
5) Secondary students will be enrolled in 7 or 8 courses through the school district online provider Colorado Digital Learning Solutions (CDLS). These courses will be online based instruction (not Custer County teachers) and will include both required and elective courses.
6) Secondary students will be assigned courses that will keep them on track for graduation.
7) Elementary students will be enrolled in the 4 core courses of Language Arts, Math, Science, and Social Studies through the Colorado Digital Learning Solutions (CDLS).
8) Student/Family will have an assigned support staff member from Custer County School District who will communicate with them weekly.
9) Grades earned through the CDLS courses will be entered into the Infinite Campus portal as the grades for the fall semester. High School students will have the grades posted to their Custer County High School transcript.
10) Failure to complete or pass CDLS courses may have an impact on a student’s promotion to the next grade level and/or graduation.
11) Student/Family will be able to opt back into in-person instruction for the 1st semester by notifying the school no later than September 1st, 2020. After September 1st, a student will remain enrolled in the Remote Learning Option for the reminder of the 1st semester.
12) Student/Family will have the option to return to in-person instruction for the 2nd semester of the 2020-21 academic year.
13) If you have any questions, please contact Troy Bomgardner, Custer County School Counselor at 783-4927 or troy.bomgardner@ccbobcats.net
